PEACE IS IN SIGHT

But Two Points Prevent a Peaceable Adjustment of Street Car Men's Strike.

THESE MAY FINALLY BE OVERCOME

The Company Claims the Right to Discipline and Discharge its Employees as It Chooses.

Employers Shall Formulate the Methods by Which Grievances of Their Employees Shall Be Adjusted in the Future.

Chicago, Nov. 21.—But two points prevented a peaceable adjustment of the Chicago City Railway strike Friday, and the indications Friday night were that these obstacles will be finally overcome and that a settlement will be reached Saturday. A virtual cessation of hostilities has been declared by both sides while the present peace negotiations are in progress, and as all the interested parties appear to be making every effort to bring the struggle to an end, there seems a likelihood that all differences will be modified to such a degree that arbitration will follow.

Mayor Carter H. Harrison and his aldermanic peace commission, after laboring for three days succeeded in getting a representative of each of the contending parties to meet in conference. All the conferences heretofore have been separate, but at the suggestion of Mayor Harrison Friday afternoon the opposing sides agreed to meet. Col. E. R. Bliss, general counsel for the company, was authorized by President Hamilton to act for the company, and Clarence S. Darrow, counsel for the strikers, was given authority to act for the strikers. An hour later the two attorneys held a conference in the office of Col. Bliss and discussed a basis of settlement. The result of the conference will be submitted to the directors of the road for final action. The decision of the board of directors will then be sent to Mayor Harrison and the aldermanic committee, who will submit it to the executive board of the strikers union.

After the conference between Col. Bliss and Mr. Darrow, it was learned that the company had made two propositions to the union. Col. Bliss submitting them to Mr. Darrow. The propositions were:

First, that the company shall have the right to discipline and discharge its employees as it shall choose, but this shall not be construed to mean that any discrimination is made against union men or non-union men.

Second, that the company formulate the methods by which grievances of its employees shall be adjusted in the future.

The understanding is that the company laid down these two proposals as the principles which must be granted by the union before further negotiations could be entered upon.

Mr. Darrow submitted the company's proposition to the union, after which he said that the strikers had accepted the proposal of the company with immaterial modifications.

In their turn the men submitted a proposition on the routing of cars. This is the matter that will come before the board of directors of the company for their consideration.

FEDERATION OF LABOR.

Samuel Gompers Will Be Opposed For the Presidency by a Printer.

Boston, Nov. 21.—Samuel Gompers will be opposed for the presidency of the American Federation of Labor when that organization elect officers Saturday. The socialism element in the convention held caucuses during the noon recesses Friday and decided to nominate Delegate Ernest Kreft, of the Philadelphia Typographical union, as a candidate for the presidency of the federation. The speech of President Gompers in opposition to socialism has aroused considerable feeling among the socialist delegates, and determined efforts will be made Saturday to elect one of their own number as president of the federation.

The feature of the proceedings Friday was the acceptance of the report of the committee on executive councils' report on the Brewery Workers troubles. The committee's report recommended that the Cincinnati agreement, so-called, be reaffirmed, and this was done by a vote of 7,973 to 4,469.

The convention held an evening session in order to reach a final adjournment either Saturday night or Sunday morning.

Frankfort, Ky., Nov. 21.—The state board of valuation and assessment Friday fixed the value of whisky for taxation at \$8 per barrel.

FIRE IN LOUISVILLE.

Old Masonic Temple Building and Other Business Houses Burned.

Louisville, Ky., Nov. 21.—Fire early Friday destroyed the old Masonic temple, occupying half of the block bounded by Fourth, Fifth, Green and Jefferson streets, in the heart of the retail business district. The loss is about a quarter of a million dollars, divided as follows: Masonic temple building, \$125,000; Hopkins theater, scenery and properties, \$20,000; J. W. Fowler Drug Co., \$35,000; Bick Brothers, shoes, \$15,000; Boston Shoe Co., \$15,000; Manufacturers' Shoe Co., \$5,000; Rodgers & Krull, jewelers, \$40,000; Charles B. Smith's Sons, hatters, \$15,000; J. T. Johnson & Co., opticians, \$2,000; Heath's billiard parlor, \$7,500; English Kitchen restaurant, \$1,000; W. B. Gatchell & Co., photographic supplies, Badgeley & Graham, photograph supplies, \$2,500. The fire is supposed to have started in the scenery on the stage of the theater.

There were seven acts on at the Masonic theater this week, and the people presenting them lost their effects. Harry Howard, whose home is in Bloomington, Ill., lost several dogs and monkeys and the Kauffman troupe is short 14 high-priced bicycles. The theater is owned by Col. John D. Hopkins, of St. Louis. The building was erected in 1864, and is a total loss. At one time it was the principal theater of Louisville and all the famous actors and actresses of the day made their appearance there. The Masonic fraternity recently dedicated a temple at Fourth and Chestnut and had removed their effects to their new home. The building was owned by Laurence and Saunders Jones, who had recently expended nearly \$40,000 on improvements.

DEATH OF EX-GOV. DRAKE.

His Estate Estimated To Be Worth Between \$3,000,000 and \$4,000,000.

Centerville, Ia., Nov. 21.—Gen. F. M. Drake, ex-Gov. of Iowa, died at the home of his daughter, Mrs. Henry Goss, in this city Friday morning. The ex-governor was stricken with diabetes several days ago and has been gradually growing worse ever since. No alarm was felt until late Thursday evening. His son, John A., and his daughter, Mrs. P. L. Sawyer, are on their way from New York, having been telegraphed for late Thursday. His other three daughters, Mrs. Henry Goss, Mrs. George Sturdivant and Mrs. T. A. Shonts, and another son, Frank Drake, the later two from Chicago, were at the bedside.

The estate of Gen. Drake, consisting of bank and railroad stocks and farm land, is estimated to be worth between \$3,000,000 and \$4,000,000. It is said Drake university, which institution the ex-governor has already given sums totaling \$200,000, will receive a share of the estate.

Gen. Francis Marion Drake was born in Rushville, Schuyler county, Ill., December 30, 1830. He was elected governor of Iowa in 1895.

AN OFFICIAL VISIT.

The Panama Commissioners Call on President Roosevelt.

Washington, Nov. 21.—At 2:35 o'clock Friday afternoon, accompanied by Secretary Hay and Minister Bunau Varilla, Panama commissioners, called at the white house and were received by President Roosevelt in the blue room. The presentations were made by Secretary Hay. The call was brief, the visitors desiring merely to pay their respects to the president.

Dr. Amador carried with him a small Panamanian flag, which he presented to the president with the hope that he would wear it. The president at once pinned it on his coat and thanked Dr. Amador for the gift. The president congratulated the commission on having so able a diplomat as M. Bunau Varilla to represent the republic at Washington.

WAR THREATENED.

Armed Hosts Liable to March to the Isthmus to Regain It.

Colon, Nov. 21.—In an interview Gen. Reyes, of Colombia, said that an armed host will march to the Isthmus of Panama to regain the lost province if Gen. Reyes' mission in America fails. The military chief says war is near and all the Latin republics will join forces to check the advance of the United States. Gen. Reyes is going to Washington to do his utmost to arrange affairs amicably.

Invents Wireless Telephone.

Daniel Drawbaugh, of Harrisburg, Pa., who is said by many to be the inventor of the first electric telephone, has announced that the government has allowed him a patent on a wireless telephone. The aged inventor says his system has stood a practical test and that conversations have been held over a distance of three miles.

THE CUBAN TREATY

Suggestion Made That the Extra Session Adjourn Sine Die Before Thanksgiving Day.

NO VOTE ON THE BILL IN SENATE.

Measure to Be Acted Upon by That Body About December 15 in the Regular Session.

Strong Opposition, However, Has Developed in the House to An Adjournment Prior to the Passage of the Bill.

Washington, Nov. 21.—A suggestion has been made, which seems to meet general approval, that the senate fix a time for voting on the Cuban bill about the middle of December in the regular session, and that the extra session adjourn sine die before Thanksgiving. No proposition has been made openly in the senate, but efforts are making to bring about such an agreement.

It was learned Friday night that strong opposition has developed in the house to an adjournment of the special session prior to passage of the bill to make the Cuban treaty effective. Leaders of the house base their opposition to the program suggested on the ground that a special session having been convoked by the president for a specific purpose it would not be courteous to adjourn the session until action is had, and also contend that speedy legislation is needed in order to accomplish the purpose for which congress was called together.

Washington, Nov. 21.—Senate—The senate held its longest sitting of the session Friday, beginning at noon and concluding at 3:15 p. m. The entire time was consumed in debating a motion to refer the Cuban reciprocity bill to the committee on foreign relations. The political line was sharply drawn in the discussion, the republicans advocating such reference and the democrats contending that the measure should go to the committee on finance. The debate served to bring out some incidental references to the merits of the bill. Mr. Teller took occasion to correct published reports that he has hope of defeating the bill or that he intends unduly to obstruct its consideration. Messrs. Allison and Aldrich announced their willingness to have the bill go to the foreign relations committee, but they united in an expression of opinion that such reference should form no precedent for the reference of revenue bills in the future. Mr. Allison also denied that there was any purpose of revising the tariff by reciprocity treaties.

House—Two bills were introduced in the house allowing free transportation of pension vouchers through the mails. One was introduced by Representative Marshall and the other by Representative Dick.

"SIGNING THE PROTOCOL."

The Painting Presented to the United States Government

Washington, Nov. 21.—A painting by the French artist, Chartran, representing the signing of the protocol of peace between the United States and Spain has been presented to the United States government by H. C. Frick, of Pittsburgh.

The painting is large and contains the figures of the late President McKinley, in whose private office in the white house the protocol was signed, and the figures of the then secretary of state, Hon. William R. Day; the French ambassador, M. Jules Cambon, who represented Spain in the negotiations and those of two or three others who were present at the signing of the historic document.

The painting hangs now in the room where Secretary Day and Ambassador Cambon appended their signatures to the protocol, the apartment being used by President Roosevelt as his study.

Fighting at San Domingo.

Washington, Nov. 21.—The state department Friday night received a cablegram dated November 18, from Minister Powell, at San Domingo City, saying that there was fighting there, and that a French war vessel had landed marines to protect foreigners.

A New Public Building.

Washington, Nov. 21.—Senator Fairbanks introduced a bill providing for the purchase of a site and erection of a public building to be used for a department of state, department of justice and a department of commerce and labor.

Kansas City, Mo., Nov. 21.—Kid Herman, of Chicago, received the decision over Kid Abel, also of Chicago, at the end of a 20-round bout.

BY A FOREIGN COMPANY.

It Will Open Up More of the Great Resources of Kentucky.

Owingsville, Ky., Nov. 21.—A Pennsylvania company, headed by Charles Cecilian, of Pittsburg, president, and W. L. Chisholm, secretary and treasurer, has purchased 20,000 acres of coal and timber lands in Magoun county, Ky., paying \$240,000, or \$12 per acre. A mill, to cost \$100,000, and a chair, stove and handle factory will be built, giving employment to 300 men. The company will also build a branch railroad in Paintsville, Johnson county, a distance of 40 miles. The purchasing company is capitalized at \$1,500,000. Real estate men say that many New York and Pennsylvania companies will enter the Kentucky mountains within the next few months.

FOR INTEREST ON TAXES.

Large Number of Suits Filed Against Distillers and Warehousemen.

Frankfort, Ky., Nov. 21.—State Auditor's Agent T. C. Albritton filed in the Franklin circuit court the first of 150 suits against distillers and warehousemen of spirits seeking to recover accumulated interest on taxes on spirits from the time the taxes were due until paid. The suits are brought under section 4110, Kentucky statutes. The suits will cover a period of five years and will aggregate \$50,000. The principal defendant is the Kentucky Distilleries and Warehouse Co. Every distiller having a warehouse in Kentucky will be made a defendant, as no effort has ever before been made to recover such interest.

He Confessed to Forgery.

Georgetown, Ky., Nov. 21.—Charley Gilkey, a smart young Negro, has been arrested for forgery. Three days ago he passed a check, purporting to be signed by Buford Hall, one of the largest land owners in the county. The check seemed good, and the cash was given on it by William Ehrlich, merchant, but the bank refused it. Gilkey was arrested on circumstantial evidence, and confessed.

To Suppress Nickel Slot Machines.

Covington, Ky., Nov. 21.—Mayor Johnson Friday sent a communication to Acting Chief of Police Sandford, calling his attention to the fact that reports had reached his office that nickel slot machines were in operation in many places in the city. He ordered Chief Sandford to have the matter investigated and effect the discontinuance of the machines.

Partly Upheld Suicide Clause.

Lexington, Ky., Nov. 21.—The "suicide clause" in a life insurance policy was partly upheld by a jury in the Fayette circuit court in the suit of Mrs. Allie McDougal against the National Life Insurance Co. of Vermont. The plaintiff held a policy for \$5,000 on the life of her husband, Harry McDougal. The latter committed suicide.

Was Accidentally Shot.

Fort Thomas, Ky., Nov. 21.—What will probably prove a fatal shooting occurred here. It is the old story of "I didn't know it was loaded," for such is the statement of the gun user. Private David Kazel, of Company C, Third Infantry. The victim is Mrs. Carrie Shinkle, a grass widow.

Trotting Horses to Be Sold.

Lexington, Ky., Nov. 21.—R. L. Nash, of Lexington, has consigned to a local firm eight head of trotting horses, including Hawthorne, winner of the largest stake of the year, the Bonner memorial of \$20,000. They will be sold at public auction in February.

Searching For Her Husband.

Henderson, Ky., Nov. 21.—Mrs. H. B. Roark, an aged lady, is here in search of her husband, H. R. Roark, who she said was in this city some few weeks ago selling patent rights to a shaftholder. Mrs. Roark is from Frisco, Ind.

Big Price For a Large Farm.

Harrodsburg, Ky., Nov. 21.—G. T. and W. H. Russell have sold to Rankin Clemmons, of Fayette county, their farm on Salt river, containing 470 acres, for \$30,366. Mr. Clemmons now owns about 1,500 acres of land in Mercer county.

Death of Mrs. Sarah Ritte.

Newport, Ky., Nov. 21.—Mrs. Sarah Ritte, 75, widow of Henry Ritte, died Friday after a lingering illness. The deceased was one of Newport's best-known citizens. She has been a resident of Newport for nearly half a century.

Whis Wagons Seize Cattle.

A farmer complains that his cattle grazing in fields near a motor-frequented highway, instead of fattening, are growing thinner and thinner from fright.

Safety pins are peculiarly American. We use 144,000,000 of them each year.

THE WOOD HEARING

Maj. Rathbone Reiterated the Charges Made Before Secretary of War and Others.

ASSOCIATED WITH AN EX-CONVICT

Rathbone Alleges That the General Accepted Money From the Jail Alai, a Gambling Concern.

Senate Military Affairs Committee Issues Summons for a Number of Witnesses to Appear Before Them and Give Testimony.

Washington, Nov. 21.—Maj. Estes G. Rathbone, formerly director of posts in Cuba, was given a hearing by the senate committee on military affairs, which is investigating the charges against Gen. Leonard Wood in opposition to his confirmation as major general. Maj. Rathbone reiterated the charges made several times before the secretary of war, the senate committee on relations with Cuba and in public statements following his trial in connection with Cuban postal frauds. Maj. Rathbone filed specific written charges with the committee. He alleged that Gen. Wood while military governor of Cuba had accepted money from the Jail Alai, which was, he said, a gambling concern, and asserted that he had made a personal friend and boon companion of an ex-convict.

At the afternoon session of the committee Maj. Rathbone submitted a transcript of the records of the courts of Havana, showing that Gen. Wood, as military governor, gave orders to the courts as to what they should do in the matter of giving bail and the conduct of some other business.

Summons issued by the senate military affairs committee were served Friday night on Ernst Lee Conant, of the New York law firm of Page & Conant, citing him to appear before the committee Saturday in connection with the investigation of charges against Brig. Gen. Leonard Wood. It is understood the subpoenae was issued at the request of Maj. Rathbone, who learned late Friday of Mr. Conant's presence in the city. Mr. Conant will be expected to give testimony as to the character of the Jail Alai, the alleged gambling establishment which Gen. Wood is charged with having given a ten-year concession to operate in Havana.

Mr. Conant went to Cuba as an attaché of the evacuation commission, and while there he acted as the legal adviser of Gen. Ludlow, in command of the department of Havana. Later he served Gen. Wood in the same capacity, and it is declared he is competent to give some inside facts relating to the manner in which the concession to the Jail Alai was obtained.

Another witness summoned Friday night by the military affairs committee is Herbert J. Brown, a newspaper man, who was in Cuba during American occupation, who is said to have made an inquiry into the character of the Jail Alai company.

A BANKER THREATENED.

Author of Anonymous Letter Said He Made Trouble For the Cashier.

Cincinnati, Nov. 21.—John Kilgour, president of the Cincinnati Telephone Co., and vice president of the Franklin bank, has received an anonymous letter. He is threatened with death along with members of his family. The letter says Kilgour has caused so much trouble in Henry Burkhold's family that his home will be burned and "members of the family" murdered.

The murder and burning are to be committed within one week, according to the threat.

It was John Kilgour who put Henry Burkhold out of the Franklin bank when the former made discoveries of alleged irregular methods. The letter has been turned over to the police.

Senator Dietrich Will Surrender.

Washington, Nov. 21.—United States Senator Charles Dietrich started for Omaha Saturday morning to surrender himself to the authorities in that city, because of his indictment on a charge of conspiracy in connection with post-office patronage.

Died Suddenly of Apoplexy.

Denver, Col., Nov. 21.—Judean A. Kebler, former president of the Colorado Fuel and Iron Co., died suddenly of apoplexy at his home. He had returned home from his office Friday afternoon apparently in his usual health.

Fell Between the Cars.

Mt. Sterling, Ky., Nov. 21.—While attempting to board a freight train at the L. & E. junction, Thomas Brennan fell between the cars and was killed.

In seventeen years the State of New Jersey has created over twenty thousand corporations, with an aggregate capital of nearly \$15,000,000,000, and has set them adrift "seeking whom they might devour," in the words of an exchange. Over one-third of these "monsters" have been smothered in their own greed and have defaulted and gone out of business; but the dangerous remainder are a continuing menace to business prosperity and have yet to be dealt with.

KEHOE'S BILL

For a Fish Hatchery in Eastern Kentucky Indorsed by the U. S. Commissioner.

WASHINGTON, Nov. 19.—United States Fish Commissioner George M. Bowers indorsed the proposition embodied in Representative Kehoe's bill to establish a fish culture station in the State of Kentucky.

"I believe," he said, "that Kentucky ought to have one of these stations, although it should be left to the commissioners to determine its location. If one is established in the Blue Grass State the commission will proceed to stock the Kentucky rivers with bass and brim and the mountain streams with trout. I trust some such bill as has been introduced by Mr. Kehoe will pass Congress this session."

Millions From Tobacco.

[New York World.]
 The French Government controls the sale of tobacco and from its monopoly realizes a net profit of almost \$200,000 a day—\$66,000,000 a year. The greater part of the tobacco is grown in France, and although the regulations are very strict, permits to grow tobacco are in great demand. In the wine-growing districts, where the vines have suffered from phylloxera, the authorities have granted exceptional facilities, and in many places tobacco plants have replaced vines.

In twenty-five departments in France there are 56,000 planters, and an area of about 46,000 acres is under cultivation.

In Algeria the cultivation of tobacco is free and the manufactured product is cheap; considerable quantities are exported to France, which also buys from Maryland, Kentucky, Ohio and Virginia. Supplies of choice tobacco are obtained from Havana, Mexico, Sumatra, Java and Brazil.

Rockefeller's Hugh Dividend.

[New York Telegram to the Pittsburgh Dispatch.]
 John D. Rockefeller, William Rockefeller and other Standard Oil magnates will receive a nice Christmas gift December 15, when the Standard Oil Company pays its fourth quarterly dividend for 1903. The dividend was declared to-day, and is 12 per cent., making the total dividend for 1903 45 per cent.

Of the \$12,000,000 to be paid to the holders of the stock this quarter, John D. Rockefeller will receive \$4,800,000. This will make his income from the oil trust \$28,000,000 for the last year. William Rockefeller, who owns 20 per cent. of the \$100,000,000 stock, will receive a check for \$2,400,000. In the last five years John D. Rockefeller has reaped as his harvest from the business \$141,700,000.

Rev. Chas. F. Evans, D. D., will preach at the Methodist Church, South, at 10:30 a. m. to-morrow on "The Righteous Court," and at 7 p. m. on "A Beggar's Death." League service begins at 6 p. m. To all services a cordial invitation is given to everybody.

EXHIBITS CONSTANTLY INCREASING.

Kentucky Exhibit Association Commended For Its Efforts in Making Possible the State's Representation at the World's Fair.

As 1904 approaches—the year in which the greatest of all expositions will commemorate the purchase of the Louisiana Territory from France—citizens in all parts of Kentucky are showing greater enthusiasm over the certainty that Kentucky will not only have a State building at this World's Fair in St. Louis, but will be represented in every department of the big show by exhibits of her products and resources and industries that can but mark the dawn of a new era for development of all the hidden wealth of the commonwealth.

Not a day passes but that the mails carry to the Kentucky Exhibit Association in Louisville—the organization which has made possible the representation of the State at this exposition—letters from public-spirited citizens who express deep gratification over the progress that has been made. Everywhere there is a feeling that the World's Fair of 1904 holds for Kentucky an opportunity to show "her wares" to the rest of mankind in a way never before presented, and the efforts of the Exhibit Association to grasp this chance is roundly applauded.

It seems that for once Kentuckians are a unit on one proposition, and that the representation of the State at the St. Louis exposition. Those who have visited the grounds at St. Louis this year from Kentucky have looked with pride on the "New Kentucky Home," rearing its head among the massive palaces of that wonderful "White City," and turned away with no regret for the aid they have extended the association, knowing full well that the old State is at last to take rank where she rightly belongs in the procession of States before the whole world next year.

The Kentucky building is rapidly nearing completion. Two payments of \$5,000 each have already been made on it, and the third of \$7,000 will be made within the next ten days. No one has seen the structure without taking off his hat to the enterprise of the citizens who have contributed to its erection.

And this building is to be only a small part of the big advertisement to be given the State at the great fair. The different exhibit committees have been working constantly to make their departments successes. It may be announced now without fear of successful contradiction that Kentucky's displays of minerals, agriculture, horticulture, forestry, education, tobacco, etc., etc., will equal any made at the exposition.

When it is considered that there are no paid commissioners connected with the exhibit association—every man giving of his time and money to carry the work forward—all the commendation bestowed upon the association is richly deserved. No wonder then the people from all counties are so anxious to see what has been so well begun carried through to a glorious success.

Eat Apples

"Everybody ought to know," says the "Family Doctor," "that the very best thing they can do is to eat apples just before retiring for the night. The apple is an excellent brain-food, because it has more phosphoric acid in easily digested shape than any other fruit. It excites the action of the liver, promotes sound and healthful sleep, thoroughly disinfects the mouth, and prevents indigestion and throat diseases."

In a little over half a century the order of Odd Fellowship has helped over two and one-half millions of its members in time of need; relieved more than two hundred thousand widowed families; buried nearly an equal number of its honored dead, with all the honors and ceremonies of Odd Fellowship, and to do all this has involved the outlay of over \$68,000,000, which has been cheerfully contributed to the noble work. Verily the fraternity has something of which it may be justly proud.

A Diagnosis of Kentucky.

Kentucky's hills are full of rills,
 And all the rills are lined with stills,
 And all the stills are full of gills,
 And all the gills are full of thrills,
 And all the thrills are full of kills.

You see, the feudists dot the hills,
 And camp along the little rills,
 Convenient to the busy stills,
 And thirsting for the brimming gills,
 And when the juice his system fills,
 Each feudist whoops around and kills.

Now, if they'd only stop the stills,
 They'd cure Kentucky's many ills;
 Men would be spared to climb the hills
 And operate the busy stills.

However, this would mean more gills,
 And that, of course, would mean more thrills,
 Resulting in the same old kills.
 So all the hills and rills and stills,
 And all the gills and thrills and kills,
 Are splendid for the coffin mills,
 And make more undertaker's bills.

CURE FOR HICCUGHS.

Simple Scientific Remedy That Gives Immediate Relief.

[Brooklyn Eagle.]

An attack of hiccoughs brings its victim less sympathy, perhaps, than almost any other ailment, the main reason being that, except in very rare cases, it is not attended with fatal results, and that in most cases it attacks otherwise healthy persons. Still, it is one of the most annoying and most obstinate of difficulties. While the effort to cure it is being made, it generally disappears, yet it resists the most vigorous effort of the will to control its vagaries.

The cure devised is as strange as the ailment. It is the idea of Charles C. Overton, of Coney Island, who has been a sufferer from it off and on for many years and who, after trying all the suggestions of doctors, invented a remedy which he claims is positive.

A hiccough is a quick, involuntary, inspiratory movement of the diaphragm, brought suddenly to a stop by an involuntary closing of the glottis. The muscles that control these two portions of the human anatomy are incessant workers. They wait on every breath without being guided by the will and even work while we sleep. While they do their duty life passes, tranquil, calm and pacific, but if from any cause a disturbing element enters into their balliwick they rebel, are beyond the control of the will, and, having no guide, as it were, run away, and like any runaway, have no care for the damage done. The effort to remove the disturber is the cause of the hiccough, and Mr. Overton's cure arrests these muscles in their wild escapade, brings them back to their duties, and like the patient servants they are, they resume their work and life becomes as placid as before.

And here is the simple remedy, no medicine or apparatus required. It is so simple that Mr. Overton says the offer was received in derision often and when tried and found a cure the boon was all the more acknowledged.

First, expel all the air from your lungs very, very quickly. The portion of the body they attend to is, as it were, collapsed, and now commences the next and concluding part of the cure.

Second, commence to fill your lungs with air, but do so very slowly, but steadily. Pucker your mouth, and if possible leave an opening of your lips no larger than a pin, and through this inhale the air. Fill your lungs, raise your arms and throw out your chest, and when you are full, these muscles resume their regular duties and the hiccoughs are gone.

—Miss Sue Sutherland, a teacher in the city schools at Owensboro, is using the Louisiana Purchase Exposition map, issued by the World's Fair at St. Louis, as supplemental matter before her pupils. The purchase of the Louisiana territory, which now embraces about one-third of the total area of the entire United States, was one of the most interesting acts in American history, and a school child of today takes very kindly to any instruction along this line, because so many of them contemplate visiting the Exposition at St. Louis next year, which is to commemorate this great event.

Mr. Charles A. Walther is confined to his home by sickness.

Hundreds of Maysville Citizens Can Tell You All About It.

Home endorsement, the public expression of Maysville people, should be evidence beyond dispute for every Maysville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mr. C. L. Hubbard, dairyman, of 325 West Third street, says: "I have the greatest faith in Doan's Kidney Pills. The use of less than one box ended a disturbed condition on the kidneys and an inflammation of the bladder. After some time it returned but in a lesser degree and I procured another box of Doan's Kidney Pills at J. Jas. Wood & Son's drug store. Use of it substantiated the opinion I had already formed of this effective preparation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

RESIDENCE BURNED.

Home of Mr. Thomas Lashbrook Near Bernard Destroyed This Morning. Small Blaze at Magnolia Mills, This City.

The large two story frame residence of Mr. Thomas Lashbrook near Bernard, was destroyed by fire shortly after 7 o'clock this morning.

The fire started from a defective flue in the kitchen. The family were eating breakfast at the time and the flames had gained such headway before they were discovered that it was impossible to save the building. Much of the household goods and furniture were gotten out.

The loss is from \$2,000 to \$2,500, while the insurance is only \$1,200 or \$1,500. It was insured in the Farmers' Mutual Aid Association. The building was the old Peter Lashbrook homestead.

The alarm of fire shortly before 8 o'clock this morning was caused by a small blaze at Mr. R. A. Carr's Magnolia Mills on East Fourth street. The fire was in the eaves of the dust bin on the outside of the building, and it is thought was started by a spark from the chimney. Fortunately it was discovered before it had gained any headway, and was easily extinguished, before any damage was done.

GIVEN FIFTEEN YEARS.

Henry Lightfoot Sent Up For Killing Charley Duncan—Circuit Court News.

The trial of Henry Lightfoot indicted for killing Charley Duncan in Burke's saloon a year or so ago was concluded in the Circuit Court Friday, the jury finding the accused guilty of manslaughter, and fixing the penalty at fifteen years in the penitentiary.

Lightfoot makes the third negro convicted this week of manslaughter, the others, Rafe Spalding getting sixteen years and Thomas Page eighteen years. In each case the victim was a negro. There are several other cases to be tried, but it is said the accused, since they have heard of these convictions, are anxious for a continuance until the next term of court.

The grand jury made its final report this morning and was discharged.

Rev. John Barbour will preach the Thanksgiving sermon at Washington this year.

Thomas Middlewart, who was born in Mason County Feb. 28, 1828, recently celebrated his golden wedding at his home in Galon, Kansas. His wife was Rebecca J. Gillespie, of Brown County, O. They have four children, all living, and the entire family are in the enjoyment of good health.

Flemingsburg Times-Democrat: "They do say that McCabe & Bussell, the sewing machine agents who have been operating in this city and county have skipped out and left their bondsman, a guarantee company, with the hot end of the deal by some ten or eleven hundred good dollars. They have been gone since October court day and their present whereabouts are unknown."

The study of "voice figures" has been for years the novel hobby of Mrs. Watts Hughes, who has entertained Londoners with the curious results. Singing into an "eidophone,"—a simple instrument consisting of tube, receiver and flexible membrane,—each note sets up vibrations that cause tiny seeds, lycopodium and other dust, and even "color paste," to dance into definite and constant patterns. The shapes include snakes, spirals, stars and wheels. On one occasion a beautiful daisy appeared, and she strove for weeks to learn its secret, at last finding the precise inflection of the particular note that yields it, so that she has since produced at will daisies of great beauty, even with successive rows of petals and petals delicately veined. Other notes give pansies. Others picture sea-monsters, serpentine figures receding into infinity, and still others form trees, even with falling fruit, a foreground of rocks, and the sea behind.

PAID THE PENALTY.

Tom Horn, a Man of Many Crimes, Hanged at Cheyenne, Wyo.

Cheyenne, Wyo., Nov. 21.—Tom Horn, celebrated as a scout and Indian trailer, who guided the United States troops to the retreat of Geronimo, the Apache; head pack master of the government in the Porto Rican campaign, one-time friend of Gen. Miles and Col. W. F. Cody; ex-Pinkerton and range stock detective of unequalled ability, and hired assassin of some of the cattle barons of the western plains, Friday expiated his many crimes on the gallows. The crime for which he was sent to the hangman was the murder of Willy Nickell, a 15-year-old sheep herder, the last of a series of murders that stamped Horn as a veritable fiend, absolutely devoid of any regard for human life.

THE BOLL WEEVIL PROBLEM.

Members of Congress From the Cotton States Organize.

Washington, Nov. 21.—Members of congress from the cotton growing states held a meeting to discuss the boll weevil problem. It was determined that a committee of three members from each state should call upon the president and lay before him the serious situation which is confronting the cotton states and request him to urge upon congress the importance of carrying into effect the plan which will be submitted by Secretary Wilson in his annual report. Mr. Burgess was elected chairman of the committee.
